

Dramatically increase your accessory sales.

The POD Series 1060 hidden cord solution offers significant advantages in consumer experience, performance, display design and ease of use. InVue's exclusive Easy Pull™ recoiler is the industry's lowest force recoiler providing customers a smooth, consistent pull and flexible movement

while interacting with the merchandise. The Series 1060 has a powered auxiliary alarming port making it the ideal solution for co-merchandised displays that incorporate high-value accessories, driving increased sales.

FEATURES AND BENEFITS

- › Above-counter POD for easy installation with no visible cords
- › Onboard powered auxiliary alarm port allows protected display of electronic accessories
- › Alarm on both the sensor and stand provides superior protection
- › Recoiler is smooth, quiet, and easy to pull
- › Small sensor size provides minimal interference
- › Integrated lockdown feature for added security when needed
- › Supports 5V, 3A USB Type C power
- › 100 dB alarm is loud enough to be heard in noisy environments
- › Optional brackets are fully adjustable and do not interfere with customer experience
- › Storewide single key solution

IR ECOSYSTEM™

Series 1060 is part of the exclusive InVue IR Ecosystem™, a storewide single key solution that improves customer service, increases sales and provides high theft protection.
